Relation: daughter-in-law

I will forever miss Fred; it was like having two dads since I was 9 yrs old. Fred was my traveling partner both with and without Rod (his son), any time I wanted to head out to the cabin, Sask, anywhere I would give him a call and he was ready to go. Anytime I needed help with a broken down car, something wrong at home, or simply to come over for tea I would call Fred. My kids will struggle with missing him as he was the only real grandparent they have had for years. He taught me to drive a standard, redo a bathroom and enjoy the time with family. What ever I cooked he would come and sit at the end of the table, eat my cooking without a complaint and sit and chat about anything. We rarely discussed a trip without Fred riding shotgun. I will miss him terribly....

Relation: Dalrymple Family

I met Fred when I was a teenager hanging around with Colleen and Rod. He would give the shirt off his back if he thought you needed it.

I remember him and Rod going out of their way many many many times to help me. From fixing my car to moving. He is the only person I know who I have never heard complain about anything, always

a hello and smile. Always, My heart breaks for his family, I know nothing will take the pain away, but I hope they take great pride in knowing he was loved by all because of the man he was, Papa.

Relation: Grand-daughter

This is one of the strongest men I knew. He was our Papa. A man who would go out of his way to help anyone who needed it, a man who loved his family with all of his heart. I am so happy and proud to call him my Papa. We had so many good times together, from trips to the PNE, camping in the Okanagan, family dinners at his house, and 10 years of memories created at our family cabin in 70 mile. I loved seeing him driving all the little kids around on his quad, and seeing the joy that it brought to his face. Seeing him sitting around the campfire with a beer, telling stories of his past will be something I will always think about when I am at the cabin. I will never forget you Papa and will continue on your memories by sharing stories about you around the camp fire, reliving the good times we all had. We will miss you dearly Papa, but I know you are in a better place, out of pain and driving around with Pete looking for the next big moose, I love you Papa, always and Forever.
