**Tribute from Kathleen & Kevin MacKillop**

Relation: Friends

To Rob and all the family. We were so sorry to hear of Lindsey's passing. She was a lovely woman, and a beautiful mother. You are all in our prayers. We know Lindsey is now pain free, but that is small consolation when you lose someone so close to you.

Kathleen, Kevin and Veronnica Mackillop

**Tribute from Jennifer and Ed Swaren**

Relation: Friends

Rob ,Janet, Lesley and families,

Jennifer and I wish to express our sincere condolences at your profound loss. Lindsey was such a thoughtful, caring person. When Leanne moved from Prince george to Hatzic when she was in Grade 7, it was Lindsey who rallied to give our daughter a chance to feel welcome. When Jennifer broke her hip and suffered a stroke during surgery, it was Lindsey who dropped by with an offer to help and to share a wonderful food hamper. We will choose to remember Lindsey's inspiring, bubbly personality; complete with the most beautiful of smiles. Love Jennifer and Ed

**Tribute from Delia and Richard Laudadio**

Relation: Former colleague

Dear Rob,

Our thoughts are with you and your family during this difficult time. An old cliché, but true nonetheless: time lessens and heals the sorrow as you focus on the happy memories. Family and friends are there for support.

Our sincerest condolences,

Delia and Richard

**Tribute from Maria Matty**

Relation: knew Rob through Mouat High School

Just wanted to let you know that you are in our family's thoughts and prayers. It is a difficult journey to incorporate the physical loss of someone so dear to hearts, who loved us so much and whom we loved so dearly as well. Love is eternal. Although the grief is so raw at the moment and will spill over at unexpected times over the years, there will be some healing. Not sure if there is ever closure, since we want our hearts to be open to life, love and laughter again. Just know that it was 12 years ago today that we also buried one of your students, our son Derek Matty. The pain was excruciating, but the support of friends, family, community, church, hockey friends, as well as the school district helped us bear the burden. In our weakness, we saw God's strength. God bless you for being part of our lives, although it was sporadic and in little windows of experiences. So also your healing journey will be similar, never completely finished, but manageable including the scarring of the heart. Hopefully there will be that still small inner voice to remind you to be gentle on yourselves. mm
